Subject: 1) Approved Supplier Status
2) Supplier Quality Requirements

Your company is currently included in our Approved Supplier List.

As an FAA Repair Station, we are required by Federal Regulations to maintain a listing of approved suppliers. Listed companies are periodically reviewed to determine eligibility for continuance of approved status.

Please complete and sign the enclosed Supplier Approval Record. If ISO 9000 approval is not held, also complete the Supplier Approval Questionnaire. The information you provide will be reviewed and the need for further details and/or a site audit will be determined.

Response is required within 15 days of the date of this letter. Failure to respond will result in removal of your company from the approved list. Products or services can be purchased only from those suppliers with approved status.

I have enclosed a copy of our Supplier Quality Requirements. Please review this document and retain it for reference. It will provide guidance in satisfying the Quality Clauses included in Purchase Orders placed with your company.

If you have any questions or comments, you may contact me at the above address or the numbers listed below.

Regards,

JACKIE BLANCHENAY
